Dear Adam:

I am happy to inform you that the Windham Regional Commission accepted the 2019 Southern Vermont Comprehensive Economic Development Strategy by a unanimous vote at its regular meeting held Tuesday, April 30th.

Thank you for your stewardship of the Southern Vermont CEDS development process for the Windham Region, and for presenting the CEDS purpose, process and content at the meeting of the Commission. We look forward to ongoing collaboration with the Brattleboro Development Credit Corporation and the Southeastern Vermont Economic Development Strategies, as well as our counterparts in Bennington County, in the implementation of the CEDS and development of an Economic Development District.

Sincerely,
